The following statement spells out our privacy policy in more detail. The policy applies to marchforJesus.love and other sites on the internet owned and operated by March for Jesus Inc.

Our Use of Personal and Non-Personal Information

We collect two kinds of information about our online visitors: personal and non-personal. Visitors are not required to register to access the public pages of our sites. Non-personal information is collected to track statistical information regarding the number and type of guests visiting our sites.

Personal information that can identify a visitor, such as name, address, or contact information, is collected only when voluntarily offered.

Our Use of "Cookies"

March for Jesus Inc may place an electronic "cookie" in the browser files of a guest's computer. Cookies are pieces of information that a website transfers to an individual's computer hard drive for record-keeping purposes. Cookies themselves do not enable us to access any personal information about our visitors; however, they do allow March for Jesus Inc to analyze guests' use of our sites and to improve the user experience.

Our Use of Analytics

March for Jesus Inc may use Google Analytics to help us gather details about the use of our websites. Google Analytics is a Web analytics tool that helps website owners understand how visitors engage with their sites. Google Analytics collects information anonymously. It reports website trends without identifying individual visitors. For more information, please visit <http://www.google.com/policies/privacy>.

Internet Communication

The privacy of communication over the Internet cannot be guaranteed, because the Internet is not a secure medium. March for Jesus Inc does not assume responsibility for any harm, loss, or damage you may incur by the sending of personal or confidential information over the Internet by or to NPM.

March for Jesus Inc may collect credit card information in the course of business on our sites. We strive to protect the confidentiality and security of this information in our possession, custody, or control by (i) limiting access to card numbers, and (ii) maintaining reasonable safeguards to protect against the loss, misuse, or unlawful disclosure of card numbers. No credit card information is stored or logged on any system housed at NPM—this information is passed straight to our payment processor and always communicated over encrypted communication channels.
